

AEROMART

SACHEON SOUTH KOREA

Business Convention for the
aerospace & defense industries

April 17-19, 2018
Sacheon, South Korea

www.korea.bciaerospace.com

Organized by

GSAEC

Gyeongnam Sacheon Aerospace Expo Committee

Official Support

With Support from

What is AEROMART KOREA-SACHEON?

The only event of its kind in Korea, Aeromart Korea-Sacheon includes a 3-day program of one-to-one meetings, workshops, OEMs procurement and supply chain policies sessions, innovative seminars and key conferences, dealing with the latest and most crucial topics of the aerospace and defense sectors. This will be an opportunity for leaders in those industries to visit facilities, interact with local businesses and officials and increase their knowledge of the region's business potential.

This is not a traditional show: Aeromart Korea-Sacheon is a BtoB meetings matchmaking platform.
